PRODUCT DESCRIPTION

The Stealth model 861-DP2-USB is an industrial desktop rugged keyboard that is environmentally sealed to NEMA 4, 4X / IP65 specifications standing up to harsh and dirty environments. The rugged small footprint design has 4-stages of backlit illumination for night time viewing and features a "Clean Key" that locks the keyboard down when a cleaning function is performed.

This Stealth washable keyboard features 83-Keys including 12 function keys and a built-in optical fingertip mouse sensor for a total solution in one convenient package. Ideal applications include medical carts, in vehicle computing, plant floor, kiosks, warehousing and outdoor environments to name a few.

Stealth has a wide variety of rugged industrial keyboards & pointing devices and have been designed for use in a multitude of applications including HMI, operator interface, shop floor, data acquisition, kiosks, medical carts, mobile mount, and outdoor use to name a few.
