PRODUCT DESCRIPTION

The Stealth model KYBX-400 series keyboard is an industrial grade keyboard with built-in optical trackball that is environmentally sealed to NEMA 4, 4X, IP65 specifications. This rugged keyboard is housed in a rugged vandal resistant stainless steel enclosure and will stand up to harsh, wet and dirty environments.

This Stealth keyboard features 71 full-travel keys with silent tactile feedback for fast and accurate data input functionality. The 38mm optical trackball is sealed to IP65 specifications and offers a superior resolution of 800DPI. Stealth's KYBX-400 series keyboard also features NVIS-compliant red adjustable backlighting, which makes this keyboard ideal for military, aviation or vehicle applications where night vision goggles are worn. Ideal applications include in vehicle computing, plant floor, kiosks, control rooms, warehousing and outdoor environments to name a few.

ADDITIONAL INFORMATION
