## PRODUCT DESCRIPTION

Stealth's 17.3" Multi-Touch Panel Mount LCD Monitor features Projected Capacitive (PCAP) Touchscreen, the same technology found in smart phones and tablets but equipped for your industrial application. The Stealth model SV-1730AW-PM-PT-USB easily integrates into your enclosure, cabinet, console, wall, kiosks or other applications.

Using Projected Capacitive touchscreen technology (PCAP) allows for a modern user interface thereby making use of new and extended ways of user input and control. Gesture-based interactions by touching and pointing, with one finger or more, rotate, pinch to zoom and move objects on the display.

All Stealth Panel Mount LCD products come standard with an environmentally sealed NEMA 4 front panel that is resistant to dust/dirt penetration or even liquid splashes. The SV-1730AW-PM-PT-USB also features a 1920 x 1080 Maximum Resolution (Full HD 1080p), PIP (Picture-In-Picture) capability and DisplayPort, DVI-D, Composite & S-Video connectors.

Stealth offers a wide range of LCD product offerings that include Panel mount, Rack mount and Open Frame designs as standard off-the-shelf products in 8.4" up to 24" diagonal sizes. Our LCD products are constructed from solid steel and will meet the demands of your application without breaking your budget.
