## PRODUCT DESCRIPTION

### Manage your Rack Space with 8 or 16 Ports KVM Switch

The Stealth SK-500 USB KVM Switch has a slim 1U form factor to help administrators manage, expand and control your data center that is cost efficient. Control up to 16 PCs from a single Keyboard, Video and Mouse (KVM) console.

To simplify switching and control, the SK-500 models are equipped with an OSD (On-Screen-Display) menu and ability to switch targets via Hot Key sequences. The SK-500 series supports up to 1920 x 1200 resolution and is Hot Pluggable - Add PCs or remove connected PCs for maintenance without powering down the USB KVM switch or PCs.

The KVM Switch measures only 1.75 inches or 1U in height providing a significant cost savings by using less rack space.

Optional DC Power inputs of 12/24/48/125/250V are configurable for your custom solution. Also available as an option, Remote IP connectivity, easily access your KVM from from any location.

Stealth also provides additional KVM & Cat6 KVM Drawers with a range of LCD sizes, Widescreen, and various video inputs.
