

The StealthBOX-Slim is a high performance, rugged portable PC with built-in PCI expansion slots. For many years Stealth has built and supplied highly customizable computer workstations designed for people who require the power and expansion capability of a desktop PC in a portable package. The StealthBOX portable computer fills a niche by providing performance and expansion capability not found in Notebook and Laptop PCs.

Stealth.com is recognized world-wide as a leading supplier of small form factor computers. For unsurpassed performance and reliability contact Stealth today to discuss your application requirements.

The following are example applications that StealthBOX has been used in:

- Instrumentation and Control
- Field service & diagnostic applications
- Portable servers & workstations
- Network and communications testing
- Data acquisition & monitoring
- Geophysical exploration
- Video and audio editing on location
- Forensic & Police field use

- Anti-Reflective protective glass front
- Intel Core 2 Duo Processor
- 2x removable hard drive, 1X Internal
- Travel case for easy transport

### Specifications

- **Processors:**  
Intel Core 2 Duo T7400, 2.16GHz, 667FSB, 4MB L2 Cache
- **Chipset**  
Intel 945GM
- **Hard Drive:**  
1x Internal 160GB ATA 2.5" Internal  
2x SATA removable drive bays for additional 2.5" HDD  
With options for 250, 320 and 500GB capacities  
Optional Solid State Drives (SSD) available
- **Optical Drives:**  
1x Slim DVD-RW included

- **Memory:**  
2GB DDR2 SDRAM standard (Optional up to 4GB Max)
- **Display:**
  - 15" TFT LCD, 4:3 aspect ratio
  - 1024x768 resolution
  - 180 nits brightness
  - Anti-Reflective protective glass overlay
  - Optional, Resistive Touchscreen, USB
- **Video Adapter:**  
Integrated Intel 945GM Video Chipset,  
224MB Shared Memory
- **Audio**  
Line-in, Line-out, Microphone  
ICH7M Audio + AC97, Built-in Amp & speaker  
1x SPDIF output connector
- **Interface Ports:**
  - 4x external USB 2.0 ports
  - 2x internal USB 2.0 ports
  - 1x VGA Connector, HD15 DSUB
  - 1x S-Video & 1x RCA
  - 2x RS232 serial ports
  - 2x Firewire IEEE 1394a ports
  - 2x SATA ports external
  - 2x PS/2 connectors, keyboard/mouse
  - 1x Rj45 for 10/100 Base T, 1x Rj45 for 10/100/1000 Base T
- **Power Supply:**  
110/240 VAC, 200W  
DC options avail. (Please Call)
- **Expansion Slots:**
  - 2x Full-Size 32 bit PCI Expansion Card Slots
  - 1x Mini PCI (on board)
- **Keyboard:**  
Mechanical type, 108 keys Full Size with Touch pad
- **Operating System:**
  - Windows XP Professional (standard)
  - VISTA Business (optional)
- **Carry Case:**  
Padded Carry/Travel Case with wheels
- **Enclosure:**  
Rugged ABS flame retardant external chassis  
Plated aluminum alloy internal structure
- **Cooling Fans:**  
Two high capacity fans, one across expansion area, one power supply exhaust fan
- **Environmental Specifications**  
Operating Temperature: 0°C to 60°C (32°F to 140°F)  
Relative Humidity: 10% to 90% non-condensing  
Vibration: 1.25G @ 10 to 100Hz, operating all axis  
Shock: 15G operating in all axis  
Compliance: CE & FCC Class B, CCC, UL
- **Dimensions:**  
- 16.38" W x 11.38" H x 6.38" D - 415mm W x 289mm H x 162mm D
- **Weight:**  
20lbs (9 kgs)
- **Warranty:**  
1 Year limited warranty
