

Quality Policy

Stealth is committed to delivering value through supplying quality products that meet or exceed customer requirements. This will be achieved by adherence to the Quality Management System, consistent focus on process controls, and continuous improvement in all we do, while maintaining compliance with statutory and regulatory Requirements.

A handwritten signature in blue ink, appearing to read "Louis Houde".

Louis Houde
General Manager/Business Unit Director

Note:

The use of “product” within this Quality Policy includes “Customer services” as well (i.e. Warranty; Customer Delivery Service; Technical Support Service; Repair Service).
